Objective: To develop easy-to-use and robust programs using proven software engineering principles

Education

B.S. in Computer Science and Software Engineering at Pensacola Christian College, Pensacola, FL

- Music minor with a concentration in Piano Performance
- *Summa cum laude* (3.98/4.00 GPA)
- Served as Project Manager for the senior software project class

Experience

Independent Software Engineer

Summer 2012 – Present

- Effectively analyzed, designed, produced, tested, and deployed software projects
- Created custom ASP.NET module which uses SQL Server for DNN website
- Developed SharePoint pilot plant database

Programming Intern, Rhodia, Inc. - Spartanburg, SC

Summer 2010 - Summer 2011

- Translated code for chemical engineering batch reactor calculations into C/C++
- Created an Overall Equipment Effectiveness (OEE) calculation and reporting tool for batch chemical plant monitoring using SQL Server and ASP.NET
- Developed web and desktop applications for batch chemical plant communications and reporting using Microsoft .NET, SQL Server, and SharePoint

Computer Experience

Microsoft Visual Studio	C# .NET	ASP.NET	IIS
SharePoint 2010	VBA	Macros	XSLT
SQL Server 2008 R2	MySQL	PHP	HTML, CSS
DNN (DotNetNuke)	JavaScript	WordPress	C++, C
Infor (EAM, ION)			

Microsoft

Specialist

Programming in C#
